**Located on Forest Road, Pinehaven School is often referred to as ‘the heart of Pinehaven community’.**

**Pinehaven School opened in 1954 and has expanded to educate our current 250 students. Our ten classes and 2 syndicates enjoy working together.**

## **Surroundings**

**Pinehaven School is a peaceful place. Located in a semi -rural environment, our school surroundings are conducive to learning.**

**Also, since we have so many trees it’s hard to resist climbing, so at Pinehaven School – children climb trees!**

## **Facilities**

**Our school has a variety of facilities that our students can use including a library, two courts, two playgrounds and a large hall. The students use them to play games, have lessons and to learn. The children love the adventure playground!**
